Swarthmore College
$4,600,000

As part of a major legacy grant to Swarthmore, the College is continuing the renovation of the infrastructure of Parrish Hall, a landmark campus building. The roof is being carefully repaired and strengthened and new energy efficient heating and air handling systems will be installed.

In addition, as part of Swarthmore’s ongoing support to students interested in careers in business and entrepreneurship, a grant of $100,000 has been provided for the program, Educating Socially Responsible Leaders.

Institute for Integrative Health
$2,100,000

The Institute, located in Baltimore, MD, run by Dr. Brian Berman, M.D., is committed to building the evidence base for integrative medicine, advancing the science with new research methods, and mentoring the leaders of today and tomorrow. Their vision is to optimize health and well-being and shift the healthcare system from its dominant focus on managing disease to a focus on promoting health across the lifespan. Through its leadership, advisors, and the support of a network of Scholars working in their home institutions, the Institute pursues frontier investigations, bringing integrative approaches to organizations and disciplines, and mentoring the next generation of leaders, scholars, and students. Their building is strategically located near the University of Maryland medical and professional schools campus, Johns Hopkins medical and school of public health campuses, and Mercy, Bay View, and Harbor hospitals. From this vantage point, they are well placed for nurturing strategic partnerships and serving a diverse local community. During this grant period, their forums placed high value on bridging research and application in integrative health, in particular, wounded veterans and minority populations; the Institute Scholars grew in number from six to eight. The Institute supports not only scholarly inspiration and research, but also the well-planned translation into real-world effort-community engagement and collaborative models to enhance health and well-being. This grant was awarded to support their working capital needs.

Parrish Hall at Swarthmore College. The landmark campus building was built in 1868.

High School students in the Institute for Integrative Health’s Baltimore “Be Well” program, a health mentoring collaboration with HealthCorps, competed in a healthy cooking competition at a local culinary college.
Manhattanville College
$1,965,000
The College, located in Purchase, NY received a grant to improve facilities and to strengthen academic programs for student retention and the electronic portfolio system. The McCormack Scholars program, honoring Manhattanville President Emerita Elizabeth McCormack also received continuing support.

Moyers on Democracy
$1,320,000
Moyers & Company, a weekly PBS series, helps viewers make sense of our tumultuous times through the insight of America’s strongest progressive thinkers. Airing on public television and radio stations across the country, the series offers a forum to poets, writers, artists, journalists, scientists, philosophers, and leading scholars. It also features Moyers’ hallmark essays on democracy. BillMoyers.com, a new digital destination, provides access to Moyers’ work in broadcast journalism as well as an extensive video library of Moyers past work. Combined with dedicated platforms on Facebook and Twitter, it allows people to participate in the conversation of democracy. Multi-year funding has been awarded to support the Moyers on Democracy series.
University of Maryland Baltimore, School of Medicine, Center for Integrative Medicine
$1,200,000
The Center for Integrative Medicine (CIM) is an inter-departmental center within the University of Maryland School of Medicine. A leading international center for research, patient care, education, and training in integrative medicine, the CIM is a National Institute of Health (NIH) Center of Excellence for research in complementary medicine. This grant provides general program support for their four-part program of informatics, research, education, and patient care. As a result of their new academic offices on the downtown campus, they have also created new alliances and partnerships with a broader range of organizations. Presenting integrative techniques to their fellow medical school colleagues, they are developing projects that look at wellness and prevention, as well as continuing their focus on the practical uses of acupuncture and mind/body medicine.

Compassion & Choices
$1,000,000
Compassion and Choices, located in Denver, CO works to improve end-of-life care and choices to the dying through education, advocacy, support services, and development of Clinical Practice Guidelines. This grant was awarded to advance their efforts to create a more informed community about options for end of life care.

Brennan Center for Justice
$800,000
The Brennan Center for Justice at NYU School of Law is a non-partisan public policy institute that focuses on issues of democracy and justice. The Center combines scholarships, legislative and legal advocacy, and communications to win meaningful, measurable change in the public sector. This grant was awarded to support the Campaign Finance Legal Strategy Project and New York Leadership for Accountable Government (NY LEAD) Program, a bipartisan group in New York business, civic, and philanthropic leaders who have come together to advocate for comprehensive reform to the way elections are funded in New York State.

Visiting Scholars 2012 - Center for Integrative Medicine - During FY 2012, many visiting scholars from China and Korea worked at the center, producing a large number of journal articles and assisting with laboratory research.

President Barbara Coombs Lee (right) presents before the New Mexico legislature, on the practice of aid in dying in Oregon, Washington, and Montana, and Compassion & Choices’ current legal case Morris v. New Mexico. Plaintiffs (from left) Aja Riggs and Dr. Katherine Morris also testified.

Brennan Center for Justice
$800,000
The Brennan Center for Justice at NYU School of Law is a non-partisan public policy institute that focuses on issues of democracy and justice. The Center combines scholarships, legislative and legal advocacy, and communications to win meaningful, measurable change in the public sector. This grant was awarded to support the Campaign Finance Legal Strategy Project and New York Leadership for Accountable Government (NY LEAD) Program, a bipartisan group in New York business, civic, and philanthropic leaders who have come together to advocate for comprehensive reform to the way elections are funded in New York State.
**Dana-Farber Cancer Institute**

$683,000

The Dana-Farber Cancer Institute located in Boston, MA, provides care and advances the diagnosis, treatment, and cure options for adult and pediatric cancers. Dana-Farber and its affiliate, The Jimmy Fund were awarded grants to support prostate cancer research by Dr. Philip Kantoff at the Lank Center for Genitourinary Oncology.

A separate grant supports the Kohlberg family’s annual participation in The Jimmy Fund Walk in memory of Amy Kohlberg Quinlan ($100,000).

**Meserve-Kunhardt Foundation**

$500,000

The Foundation is dedicated to the preservation of photography and it’s use to inform, educate and inspire. The Foundation’s holdings include: the Meserve-Kunhardt Collection, the Dorothy Kunhardt Collection, the Gordon Parks Collection, and the Ed Clark Collection. The Foundation preserves and disseminates its holdings through exhibitions, publications, and multi-media educational programs to illustrate the power of visual learning. This grant was awarded to support the next phase of growth and development of the Foundation.

**Northern Westchester Hospital Center**

$215,000

The Hospital located in Mount Kisco, NY received funding to support the following two areas. The first, *In-Hospital Integrative Medicine Program*. Their nurses throughout the medical departments receive training in integrative healing therapies and techniques appropriate to the care of their patients.

The second area, *Increase the Supply of Nurses Program*. Through this program the Hospital has been able to drop their registered nurse vacancy rate to 4.6% from 7.0%, which is well below the national average of 8%. As a result, the Hospital has achieved Magnet Designation. This designation recognizes the nursing staff for high quality patient care and best practices in nursing and patient outcomes.”

Additional funding supported the *Task Force initiatives* to evaluate each area of the hospital (Operating Rooms, ICU, patient floors, patient rooms, etc.) to understand future trends and identify best practices based on five criteria: medical trends - likely use for an area, patient centeredness, strategic health & wellness objective, technology, and cost/efficiency.
Community Housing Innovations, Inc. (CHI)
$200,000
Community Housing Innovations, located in White Plains, NY, provides affordable housing opportunities and services for homeowners in need of assistance to prevent losing their homes. This grant was awarded to support their Fast Track Modification Pilot Program, which helps eligible homeowners to receive modified mortgage loans and to conduct financial literacy workshops.

Nature Conservancy
$150,000
This grant was awarded to the Massachusetts Chapter in support of the Land Registry Program, which assists Martha’s Vineyard landowners in managing their property by creating an ecologically sound and science based plan for land stewardship and conservation management for individual landowners. The project creates a resource tool composed of maps and scenario-modeling software that will inform the mitigation and prevention of environmental impacts caused by current infrastructure and future development for participating homeowners.

City University of New York (CUNY) School of Journalism - Journalist-in Residence
$150,000
CUNY’s Graduate School of Journalism received support to establish a Journalist-in-Residence in Urban Reporting program. This program along with several entrepreneurial research projects will support the curriculum and emphasize sustainable business models for ethnic media.

Additional funding was provided to support a Center for Community and Ethnic Media. This Center would serve as a hub for research, training, and professional support for community and ethnic publications in the NYC metropolitan region.

Volunteers and TNC staff at Hoft Farm nursery in West Tisbury, which provides seeds for 35 species of native grasses and wildflowers.
Investigative Reporters and Editors, Inc. (IRE)  
$100,000
IRE, located in Columbia, MO, is a grassroots nonprofit organization dedicated to improving the quality of investigative reporting. They create a forum in which journalists throughout the world help each other by sharing story ideas, newsgathering techniques, and news sources. IRE provides access to thousands of reporting tip sheets and other materials through its resource center and hosts conferences and specialized training throughout the country. This grant was awarded to support training programs for small to medium sized news organizations.

Sponsors, Inc.  
$100,000
Sponsors, Inc., located in Eugene, OR provides re-entry programs and services to men and women who are on parole and probation. They provide housing case management, assistance with employment and schooling, and practical support.

ProPublica, Inc.  
$100,000
ProPublica, located in New York City, is a non-profit newsroom, conducting investigative journalism in the public interest. They work to shine a light on the exploitation of the vulnerable by government, business, and other institutions through investigative reporting. In addition, they spark reform through the sustained spotlighting of wrongdoing. This grant provides general support for operations.

YMCA of Martha’s Vineyard
